
ABOUT US

In 1960, Joseph Tynan founded Tynan Equipment Company in a small shop off North Harding

Street in Indianapolis. As one of the first material handling equipment companies in Indiana, Tynan set the foundation for a tradition of superior customer service that continues today.

In 1979, Tynan expanded to a 33,000-square-foot headquarters on the south side of Indianapolis. With the acquisitions of Industrial Energy Company in 1989 and IndyLift in 2010, we added locations in Lafayette, Columbus, and Terre Haute. Today, we are proud to be one of the largest forklift service providers in Indiana.

Our experienced staff can help assist you with anything that comes your way.

Contact us for your parts, service sales and rental requirements.
